

SECRETS OF THE NEGEV

an evening with Ben-Gurion University's Professor Steve Rosen

Monday 30 January, from 7.00pm

West London Synagogue, 33 Seymour Place, London W1H 5AU
(nearest tube Marble Arch)

West London Synagogue is delighted to welcome Professor Steve Rosen for an informal evening presentation, unveiling - especially for us - little-known facts about Israel's Negev Desert and introducing to us some exciting recent archaeological discoveries from this dramatic and mysterious land.

Professor Rosen is a distinguished figure at Israel's Ben-Gurion University and a recognised, widely-published authority on the Negev Desert, its archaeology and the changing faces of its historical inhabitants.

The evening will culminate in a Q and A at which you can ask such questions as:

- **How do you know where to dig?**
- **How do you know how old it is?**
- **What is the most exciting thing you ever found?**
- **What practical value does archaeology give us?**

Join us for refreshments and snacks at 7pm followed by Professor Rosen's illuminating presentation.

No charge, but donations towards costs are warmly welcomed. For advance bookings, please email eretz@wls.org.uk or book online at <https://secretsofthenegev.eventbrite.co.uk> or by telephone on 020 7446 8558. For security reasons, please bring photo ID with you.
